# RA3TX+

The Ultimate In Flexibility

How We Do It

Mytrex's systematic approach to designing PERS is unique; Mytrex utilizes its vast experience and knowledge gleaned from designing not only PERS, but also the monitoring software and hardware that is used to monitor PERS. Furthermore, Mytrex's main business function is to design and manufacture PERS and PERS accessories. As a result, those who purchase the RA3TX+ can rest assured that the product has been designed with their best interest in mind.

The RA3TX+

Introducing the RA3TX+ from Mytrex. The RA3TX+ is the next generation of Personal Help Button (PHB) and is now in a new form factor. This design allows you to easily switch between lanyard, or wristband for the ultimate in flexibility. The RA3TX+ is backwards compatible with all versions of the MXD and MXD-LTE. All Mytrex personal help buttons can be paired over the air using the myLink portal.

Features:

- Long PHB range
- One touch PHB
- PHB battery monitoring
- Break-away lanyard
- Wristband option
- Water resistant

Specs:
